Summary: The Director of Health Services Operations provides executive leadership and day-to-day operational oversight for multiple clinical service lines, including Dental, Primary/Urgent Care, Behavioral Health, and Wellness Services. The Director ensures efficient practice management, exceptional patient care, and operational excellence while advancing strategic growth. In close partnership with the Physician Medical Director and the Senior Management Team (SMT), this role drives performance against quality metrics, fosters a seamlessly integrated 'One CRNA' patient experience, and stewards fiscal responsibility through data-driven decision-making, cost management and responsible growth of services and patient volume.
